## **Microwave Vision Italy, Pomezia ITALY**

The MVG innovation and design team in Pomezia, Italy is a world leader in antenna design and production as well as software for measurement solutions. Microwave Vision Italy is a worldwide center of excellence on antenna design, both RF and mechanic. The group is equipped with state-of-the-art design tools and rapid antenna measurement systems for accurate verification. Due to the continued development and investment in human and material resources, we are again looking for outstanding candidates that are willing to take part of the exciting development of the group.

### **Job Description**

After a training period, the ideal candidate will support the R&D team, working on projects in Antennas and Antenna measurements and in the development of products for space and defense applications. The responsibility of the ideal candidate is expected to grow rapidly with the international expansion of the team, and he/she is expected to gradually take the lead in future projects and participate in defining future growth.

### **Requirements**

- University degree in Mechanical or equivalent (master's degree desired). The ideal candidate is a newly graduate or has a few years of working experience in mechanical design and analysis.
- B.Sc. candidate with 2+ years of experience will still be evaluated.
- Capacity to work both independently and in a strong team-oriented, collaborative environment is essential.
- Good writing and oral communication skills in the main languages used within MVG: English (required), French (desired), Italian (desired).
- Valid working permit for the European Union (required).

### **Desired Skills**

- Knowledge of mechanical design and drawing standards, knowledge of a modeling software (Solidworks desired)
- Knowledge of FEA best practice, familiarity with a FEM software (Nastran+FEMAP desired)
- Knowledge of basic programming languages (Matlab desired)
- Familiarity with basic automation and mechatronics is a plus.
- Familiarity with basic project management and related tools is a plus.

### **Work Conditions:**

Work base is the MVG office in Pomezia, Italy but the candidate must be willing to occasionally travel to other MVG, Suppliers and Customers sites and participate in meetings and conference outside Italy.
